

Proposition 55 prevents billions in budget cuts without raising taxes by ensuring the wealthiest Californians continue to pay their share. 55 requires strict accountability and transparency to ensure funds get to the classroom. We can't afford to go back to the days of devastating cuts and teacher layoffs.

Fact 1: Proposition 55 does not raise anyone's taxes.

- *Does not raise taxes on anyone.* Proposition 55 maintains the current income tax rate on couples earning over \$500,000 a year.
- *Only affects the wealthiest Californians who can most afford it,* ensuring they continue to pay their share of taxes.
- *Lower sales tax.* Under Proposition 55 all Californians' sales tax are reduced.

Fact 2: Proposition 55 has strict transparency and accountability requirements to ensure education funds get to the classroom.

- *Money goes to local schools and the Legislature can't touch it.* Strict accountability requirements ensure funds designated for education go to classrooms, not to bureaucracy or administrative costs. Authorizes criminal prosecution for any misuse of money.
- *Mandatory audits and strict transparency requirements.* Local school districts must post annual accounting online to guarantee that Californians know exactly how and where funds are spent.
- *Provides local control over school funding.* Proposition 55 gives control to local school boards to determine student needs.

Fact 3: Proposition 55 prevents up to \$4 billion in cuts to schools and continues to

**SUBJECT TO COURT
ORDERED CHANGES**

restore funding cut during the recession.

- *Proposition 55 helps address California's looming teacher shortage.* The state needs an estimated 22,000 additional teachers next year alone. Proposition 55 gives local school districts the money they need to hire teachers and prevent overcrowded classes.
- *Proposition 55 helps restore arts and music.* Arts and music programs faced deep cuts during the recession. Proposition 55 will help protect and restore those programs.
- *Makes college more affordable.* Proposition 55 prevents cuts to California community colleges, preventing tuition increases and helping make classes more available to California's 2.1 million community college students.
- *Expands health care access for children.* Healthier children are healthier students. Too many families can't afford basic health care, meaning children miss school or come to class sick. Proposition 55 helps kids come to school healthy and ready to learn, because all children deserve access to quality health care, not just the wealthiest Californians.

California needs to keep moving forward, we can't afford to go back to the days of devastating cuts to public schools, colleges, and health care.

30,000 teachers were laid off, class sizes grew, and the cost of community colleges doubled.

Governor Jerry Brown has said that we'll face even more cuts if Proposition 55 doesn't pass.

**SUBJECT TO COURT
ORDERED CHANGES**

Proposition 55 gives Californians a clear choice: voting YES protects our schools and children from massive cuts; voting NO costs our schools up to \$4 billion a year.

California's schools are starting to come back. Passing Proposition 55 will ensure that our children won't face another round of cuts. The future of California depends on the future of our children.

Because our children and schools matter most.
